

Mission Statement

Increase the girl's game of lacrosse in Queens while enriching, empowering and encouraging girls to be strong leaders for the future.

Before the development of Queens of Lacrosse, the only opportunity for girls residing in Queens to play lacrosse was through their high school athletic teams.

Therefore, Joseph Albines decided to change the lack of opportunities by developing The Queens of Lacrosse program on April 2009. Through the support and nurturing of Summit up for Lacrosse in Summit, NJ, founded by Laura Gump, launched The Queens of Lacrosse. The first ever 100% girls lacrosse program in all of NYC.
